EDUCATION

Computer Science Engineering || B.E
DR DY PATIL SCHOOL OF ENGINEERING, PUNE

CGPA = 6.44

[Savitribai Phule Pune University]

HSC(CBSE) || Science(PCM)
B.N.S D.A.V PUBLIC SCHOOL, JHARKHAND

Percentage = 87%

SSC(CBSE)
B.N.S D.A.V PUBLIC SCHOOL, JHARKHAND

CGPA = 7.6

SKILLS

Development

- JAVASCRIPT
- REACT JS
- JQUERY
- PYTHON
- PostgreSQL
- MongoDB
- HTML5
- CSS3
- GIT

Framework

- DJANGO
- BOOTSTRAP

PROJECTS

My Portfolio website

[LIVE:-https://ibrajkhan-portfolio.netlify.app/](https://ibrajkhan-portfolio.netlify.app/)

Amazon-Clone (React JS)

The app is built on React and Firebase. It includes Firebase Cloud Function for the backend, Firebase Authentication for login and logout. Stripe Functionality for Payment Process and Firestore for adding users and their order into the DataBase.

[LIVE:-https://app-ae3b3.web.app/](https://app-ae3b3.web.app/)

[CODE:-https://github.com/ibrajkhan/amazon-clone](https://github.com/ibrajkhan/amazon-clone)

Weather-app (Javascript)

It Automatically detects your current location and shows the weather report of your city. Here I use openweathermap.org API to get a weather report and for detecting the current location I use Geolocation API.

[LIVE:-https://ibrajkhan.github.io/Weather_App/](https://ibrajkhan.github.io/Weather_App/)

[CODE:-https://github.com/ibrajkhan/Weather_App](https://github.com/ibrajkhan/Weather_App)

Meme-Generator-App (React JS)

A meme generator app where you can create your meme by adding some top text and some bottom text hit the button and it will randomly choose a meme image from an API that contains meme images. This app is built on React.js
